CURRICULUM VITAE

EDUCATION

Noroff Institute, webstudent

2006/2007 Design and media communication (year 2)

2006/2007 Multimedia design (year 1)

These two full time studies are based on exercises and projects, with theory and enclosing project exams in graphic design, web design and video and audio. I also completed an enclosing diploma exercise. My self-chosen diploma exercise was to make a graphic profile for a company in Norway who rents out fishing rights along the Lakselv-river. As a web student I've been in responsible for planning my own school year and work independent with the exercises on the courses. I finished both studies in one year rather than the expected two years.

Graduated with an average of B.

The Norwegian University for Science and Technology - Trondheim

2005/2006 Modular course in humanities;

Film 1006 The film medium in the age of television, MV1001 Visual communication, IT1 101 Introduction to informatics, MV2002 Aesthetics of visual media and PSY1057 Media Audience.

Adolf Schønning vgs, Trondheim (Senior High School)

2004/2005 Completing upper secondary education

Brundalen vgs, Trondheim (Senior High School)

2003/2004 Advanced level 2 Visual communication

Alta vgs (Senior High School)

2002/2003 Advanced course level 1 media and communication

Alta vgs (Senior High School)

2001/2002 Foundation course of Media and communication

(Syllabuses and grade evidences are given on request)

PROJECTS

Logic 100

I spent three months working as a web designer on the Logic 100 Financial Planning System. The system is built using ASP.NET, and my role in the project was to work closely with the developers to build ASP.NET Themes for the application. The themes had to work in all browsers, including the iPhone. I worked in Visual Studio 2008, and my work was integrated directly into the project using Visual Source Safe.

Kontor og Grafisk (Office and Graphics store)

I established a customer relationship the year I went to Brundalen vgs when I had a web design project. The co-operation has continued since, with maintenance, upgrading and search optimizing of the site.

Private persons

Tor Ole Larsen is a customer I've been working with for a while beside my studies. He is working on a motor-cross and snowmobile movie with his team White Dirt, which I have design a webpage with a blog for his audience to follow while waiting for the release.

www.white-dirt.no

Alta Dykkerklubb (Alta Diving club)

This project was originally an exercise when I did the Design and media communication at Noroff. The work on the site continued after the school project period was over, adding new features to the site and improving user documentation. The club is my local club back home, and is run on a voluntary base, so all work on this site has been non-profit for me. The goal with the site was to get all the members in the club to contribute with content on the page, so I made a user guide for the members on how to use the site.

www.altadykkerklubb.com

GreIT AS

Contractor for web designs for GreIT AS who was selling CMS (content management systems) solutions to small and medium businesses.

QUALIFICATIONS

- Design tools; Adobe: Photoshop, InDesign, Lightroom, Premiere Pro and some Illustrator. Microsoft; Visual Web Developer Express 2008, Expression Blend and some Visual Studio 2008.
- Technology; Experienced with HTML and CSS. Some experience with JavaScript, ASP.NET and Silverlight

- Work well both in team and independently
- Like being creative and seeing ideas being realized

COURSES

Artists in residence

In December 2008 I participated in a 5 days long Microsoft Silverlight course where the goal was to learn about Silverlight and the workflow between designer and developer. As a designer I was paired with a developer from a Melbourne company called MyCareer. After 2.5 day of class room education we were left to work on an idea for a product that could be a real life business solution for MyCareer.

Other than that I attended Remix Australia and TechEd New Zealand in 2008.

OTHER WORK EXPERINCE

Station coworker, Torkel Schive AS

08th of September 2005 – 22nd of November 2007

Part time station coworker at the Shell gas station on Tiller in Trondheim

Summer substitute at Alta Motor, Europcar

16th of July – 10th of August 2007 and 22nd of June – 18th of August 2006

In charge of managing the Europcar department at Alta Motor, which involves many different tasks, ranging from bookings, cleaning and maintenance of the cars to meetings with customers and completing the rental.

Other minor jobs

I got my first job when I was 15 years old. Since then I've been working different summer jobs and other casual jobs. I've been into cleaning, receptionist in a hair salon and I've worked in stores.

INTERESTS

Snowboarding, diving, photography, underwater photography, making custom prints for clothing, making bead necklaces and bracelets, web design, music and movies.
